PRESS RELEASE no. 2
27 June 2023

Republic of San Marino. Rallylegend and the Misano World Circuit together for an event that will comprise a special stage at the circuit on the evening of Friday 13 October.

This will be just one of the exciting new features making up the 2023 edition, set to take place from 12 to 15 October. Rallylegend 2023 will get underway with a spectacular nighttime stage around the 'roundabouts' of the Republic of San Marino, which will immediately create an initial rally classification. Friday night's stage at MWC will then be followed, in San Marino territory, by the three special stages on Saturday, each to be repeated twice, and the two 'timed' stages, to be repeated twice on Sunday.

The stage at the Misano World Circuit Marco Simoncelli will cover 12 kilometres of the track, and will be as spectacular as it is high-octane. Fans will be able to watch all the action from the grandstands. The teams competing will be able to enjoy a buffet on the terrace above the paddock at the end of the event.

The special stage at the Misano circuit recalls the historic Giro Automobilistico d'Italia, a prestigious show that also took in the Romagnolo track in the 70s and 80s. More recently, the MWC Rally Event took place ten years ago.

The circuit confirms its vocation as a motorsports park, its multifunctionality allowing for innovative events like this, which also afford an opportunity to connect with the local area and the Republic of San Marino.

The Rallylegend special stage will add to the Misano CIV Classic Weekend, scheduled to run from 13 to 15 October. The Federazione Motociclistica Italiana was keen to be involved in this initiative, which offers further excitement for fans present at the track.

As for Rallylegend, entry to the Misano special stage will be included in the price of "All Plus" and "All" tickets, while the ticket offices will be open for those who don't want to miss this one-off event.
